Permit Amendment Public Notice

Edward L. Myrick, OCRM-10-008-E

The Department has received an application for a permit for the alteration of a critical area. The application was submitted pursuant to the Coastal Zone Management Act (Act 123) of 1977 South Carolina General Assembly. The application in brief, is described as follows:

LOCATION: On and adjacent to Briars Creek at 4100 Lone Eagle Lane, Briars Creek Subdivision, Johns Island, Charleston County, South Carolina. TMS: 260-00-00-039.

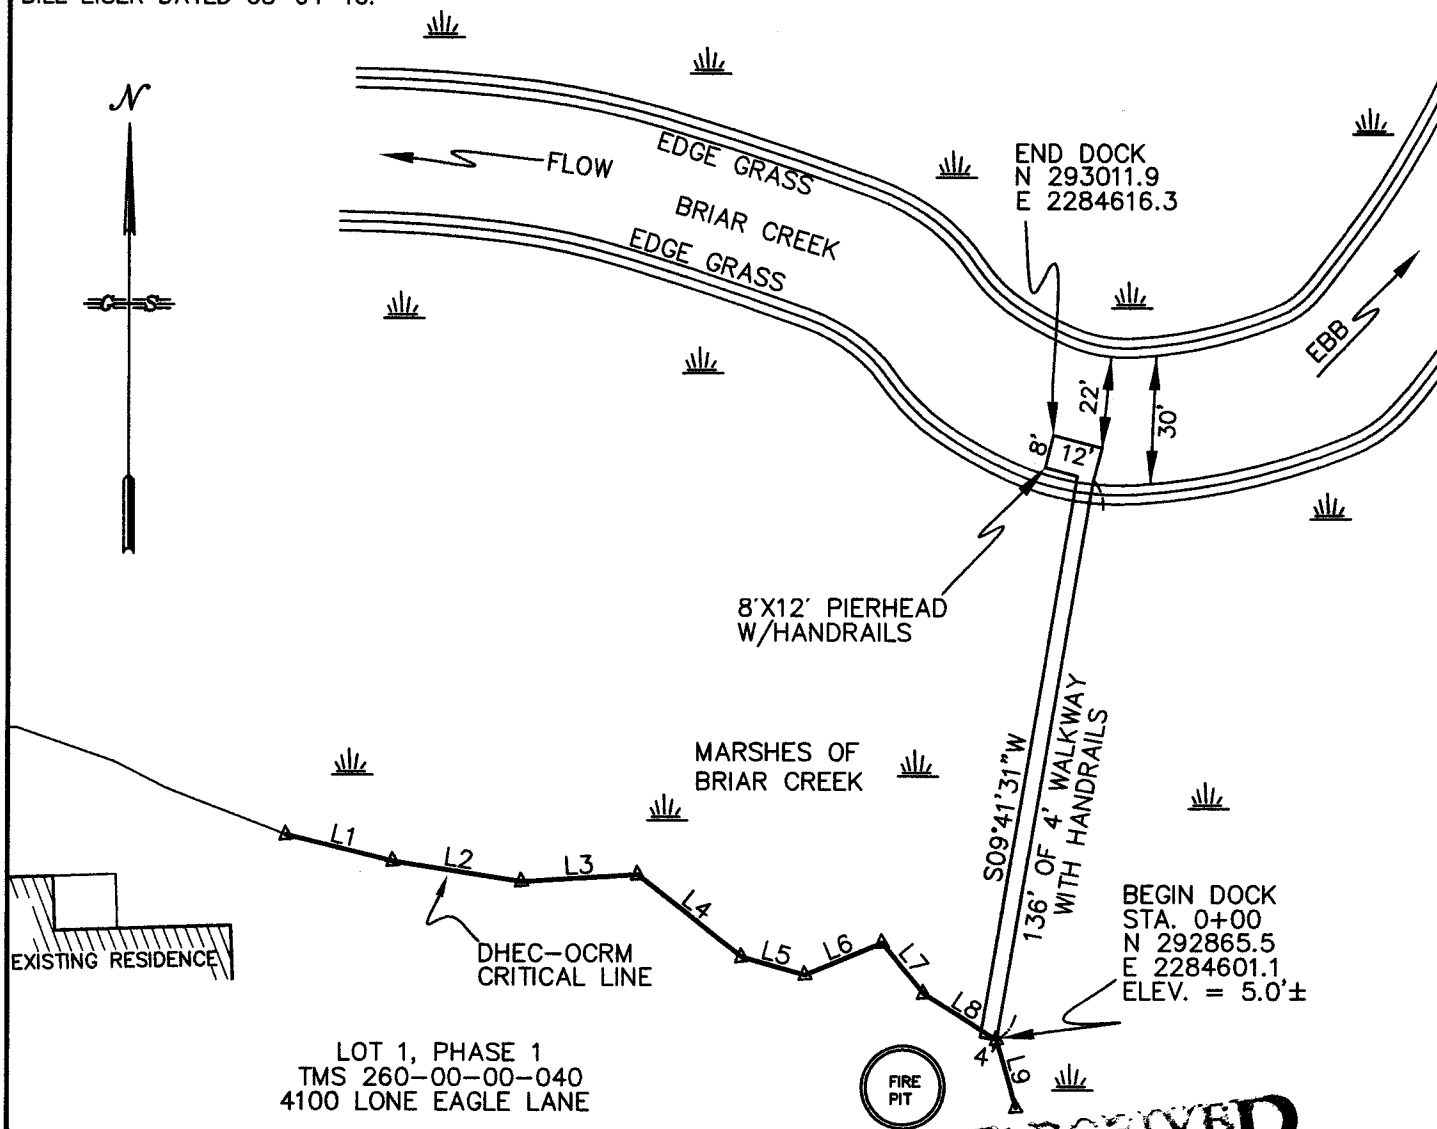

WORK: The permittee has requested an after-the-fact amendment to the issued permit. Specifically, the permittee seeks to keep the dock structure at the constructed location. The current dock configuration consists of a 4' x 136' walkway, with handrails, leading to an uncovered 8' x 12' pierhead. The amendment is for after the fact authorization to keep the dock as constructed.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by the Department can be based. Comments concerning the proposed work must be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

Comments regarding this application must be received by the Department on or before **November 2, 2013**. For more information, please contact:
